

**JL BOCES**

# **Makerspace Origami**

**Presenter:** Meghan Davison

## **Description of Project**

Origami Cup

Video: [https://www.youtube.com/watch?v=q6u\\_Ag6UTqs](https://www.youtube.com/watch?v=q6u_Ag6UTqs)

## **Materials Needed**

1. Paper (regular printer paper)
2. Scissors
3. Tape
4. Markers or supplies to decorate

## Steps

1. Fold over corner in half, but it won't be

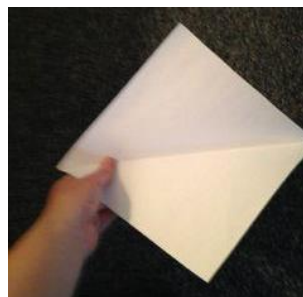

even.

2. Cut the leftover single strip at the end.

3. A square with a diagonal fold should be

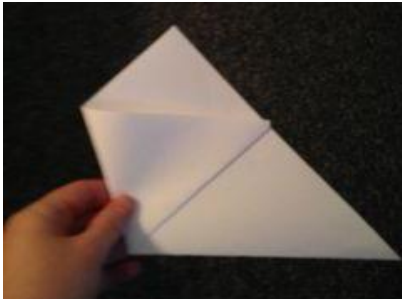

left.

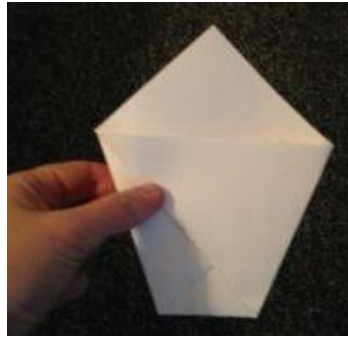

4. Fold the paper so that you have a triangle.

5. With the point on top and the flat surface on the bottom, fold over the left corner

6. Fold over the second corner

7. Fold over the top triangles to each side and tape to hold

## Finished Project

## Tips and Suggestions

1. Experiment with different types of paper to see which ones hold water and which ones do not
2. Cup can be decorated

## Extension Projects

Projects that are related or use the same materials.

1. Origami Flower (even though link says otherwise):
